

BOXES OF HOPE

The Borough of Butler would like to inform the residents of Butler of a program that the Church of the Risen King is sponsoring, for those affected by COVID-19. If you are in quarantine or have tested positive for the virus help is available for groceries and personal hygiene products. The program Boxes of Hope is a tangible way for us to stretch out a hand to those that are affected through either illness, quarantine, or just the uncertainty of this time. Should you wish to participate by either receiving a box or donating items for distribution to those in need, please visit the Church of Risen King website: www.risenkingchurch.com
