Independent Auditors' Report

The Honorable Mayor and Members of the Borough Council Borough of Butler Butler, New Jersey

### **Report on the Financial Statements**

We have audited the financial statements – *regulatory basis* - of the various funds of the Borough of Butler, in the County of Morris (the "Borough") as of and for the years ended December 31, 2017 and 2016, and the related notes to the financial statements, as listed in the foregoing table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") to demonstrate compliance with the Division's regulatory basis of accounting, and the budget laws of New Jersey; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Borough's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

The Honorable Mayor and Members of the Borough Council Borough of Butler Page 2

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the financial statements are prepared by the Borough on the basis of accounting practices prescribed or permitted by the Division to demonstrate compliance with the Division's regulatory basis of accounting and the budget laws of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the regulatory basis of accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the regulatory basis of accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

### Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the *Basis for the Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to above do not present fairly in accordance with accounting principles generally accepted in the United States of America the financial position of each fund and account group of the Borough as of December 31, 2017 and 2016, or the changes in financial position or where applicable, cash flows thereof for the years then ended.

### **Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the various funds and account group of the Borough of Butler as of December 31, 2017 and 2016, and the results of operations and changes in fund balance, where applicable, of such funds, thereof for the years then ended on the basis of accounting practices prescribed or permitted by the Division to demonstrate compliance with the Division's regulatory basis of accounting and the budget laws of New Jersey, as described in Note 1.

### **Other Matters**

### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements of the various funds that collectively comprise the Borough's financial statements. The supplementary data schedules listed in the table of contents and the schedules of expenditures of federal and state awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance") and New Jersey's OMB Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, are presented for purposes of additional analysis and are not a required part of the financial statements.

The supplementary data schedules and the schedules of expenditures of federal and state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the various fund financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the various fund financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary data schedules and the schedules of expenditures of federal and state awards are fairly stated, in all material respects, in relation to the financial statements as a whole.

The Honorable Mayor and Members of the Borough Council Borough of Butler Page 3

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 1, 2018 on our consideration of the Borough of Butler's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough of Butler's internal control over financial reporting and compliance.

### BOROUGH OF BUTLER NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

#### Note 1: Summary of Significant Accounting Policies

#### A. <u>Reporting Entity</u>

Except as noted below, the financial statements of the Borough of Butler include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Borough of Butler, as required by N.J.S. 40A:5-5. Accordingly, the financial statements of the Borough of Butler do not include the operations of the Municipal Library or Volunteer Fire and First Aid Organizations.

Governmental Accounting Standards Board ("GASB") Codification Section 2100, "Defining the Financial Reporting Entity" establishes standards to determine whether a governmental component unit should be included in the financial reporting entity. Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. In addition, component units can be other organizations for which the nature and significance of their relationship with a primary government are such that exclusion would cause the reporting entity's financial statements to be misleading. The primary government is financially accountable if it appoints a voting majority of the organization's governing body and (1) it is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. A legally separate, tax-exempt organization should be reported as a component unit of a reporting entity if all of the following criteria are met: (1) The economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units, or its constituents. (2) The primary government, or its component units, is entitled to, or has the ability to otherwise access, a majority of the economic resources received or held by the separate organization. (3). The economic resources received or held by an individual organization that the specific primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to that primary government. As the financial reporting entity was established in accordance with New Jersey statutes, the requirements of GASB Codification Section 2100 were not followed and, accordingly, the reporting entity could be different from accounting principles generally accepted in the United States of America.

#### B. Description of Funds

The accounting policies of the Borough of Butler conform to the accounting practices applicable to municipalities which have been prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Such practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough of Butler accounts for its financial transactions through the following separate funds:

<u>Current Fund</u> - Resources and expenditures for governmental operations of a general nature, including federal and state grant funds.

<u>Trust Fund</u> - Receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

#### Note 1: <u>Summary of Significant Accounting Policies</u> (Cont'd)

#### B. Description of Funds (Cont'd)

Assessment Trust Fund- Resources and expenditures for the payment of Assessment Trust Fund Debt.

<u>General Capital Fund</u> - Receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

<u>Water Utility Operating and Capital Funds</u> – Account for the operations and acquisition of capital facilities of the municipally owned Water Utility.

<u>Electric Utility Operating and Capital Funds</u> – Account for the operations and acquisition of capital facilities of the municipally owned Electric Utility.

<u>Public Assistance Fund</u> - Receipt and disbursement of funds that provide assistance to certain residents of the municipality pursuant to Title 44 of New Jersey Statutes. The operations of the State funded General Assistance Program were transferred to the County of Morris in a prior year.

<u>General Fixed Assets Account Group</u> – Estimated values of land, buildings and certain fixed assets of the Borough as discussed in Note 1E.

#### C. Basis of Accounting

Basis of accounting refers to when revenue and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The more significant accounting policies in New Jersey follow.

Revenue is recorded when received in cash except for certain amounts which may be due from the State of New Jersey and for the prepayment of future years' revenue. Grant revenue is realized in the operating funds when it is budgeted and in the capital funds when improvements are authorized. The amounts recorded as property taxes and consumer accounts receivable have not been included in revenue. Other amounts that are due to the municipality, which are susceptible of accrual, are recorded as receivables with offsetting reserves in the Current Fund.

Expenditures are generally charged to operations based on budgeted amounts. Exceptions to this general rule include:

- 1. Accumulated unpaid vacation, sick pay and other employee amounts are not accrued.
- 2. Prepaid expenses, such as insurance premiums applicable to subsequent periods, are charged to current budget appropriations in total.
- 3. Principal and interest on long-term debt are recognized when due.

#### Note 1: <u>Summary of Significant Accounting Policies</u> (Cont'd)

#### C. <u>Basis of Accounting</u> (Cont'd)

Expenditures, if any, in excess of appropriations, appropriation reserves or ordinances become deferred charges which must be raised by future taxes. Outstanding encumbrances at December 31 are reported as a cash liability in the financial statements and constitute part of the statutory appropriation reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31 of each year and recorded as liabilities, except for amounts which may be cancelled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income.

Had the Borough's financial statements been prepared under accounting principles generally accepted in the United States of America, encumbrances would not be considered as expenditures; appropriation reserves would not be recorded; revenue susceptible to accrual would have been reflected without offsetting reserves; Federal and State grants and assistance would be recognized when earned, not when awarded; inventories would not be reflected as expenditures at the time of purchase, fixed assets purchased by the water and electric utility capital funds would be depreciated, investments would generally be stated at fair value and the Borough's net pension liability and related deferred inflows and outflows would be recorded.

The cash basis of accounting is followed in the Trust and Capital Funds.

- D. <u>Deferred Charges to Future Taxation</u> The General Capital Fund balance sheet includes both funded and unfunded deferred charges. Funded means that bonds have been issued and are being paid off on a serial basis. Unfunded means that debt has been authorized but not permanently financed. A municipality can eliminate an unfunded deferred charge by raising it in the budget, by collecting a grant, by selling bonds, by issuing loans or through capital lease purchase agreements.
- E. Other significant accounting policies include:

<u>Management Estimates</u> – The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

<u>Cash and Cash Equivalents</u> – Amounts include petty cash, change funds, amounts on deposit, and short-term investments with original maturities of three months or less.

<u>Investments</u> – Investments are stated at cost.

<u>Grants Receivable</u> – Grants receivable represent total grant awards less amounts collected to date. Because the amount of grants funds to be collected are dependent on the total costs eligible for reimbursement, the actual amount collected may be less than the total amount awarded.

<u>Allowance for Uncollectible Accounts</u> – No allowance for uncollectible accounts has been recorded as all amounts are considered collectible.

<u>Compensated Absences</u> – Expenditures relating to unused vested accumulated vacation and sick pay are not recorded until paid.

#### Note 1: Summary of Significant Accounting Policies (Cont'd)

#### E. Other significant accounting policies include: (Cont'd)

<u>Foreclosed Property</u> - Foreclosed Property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved.

<u>Interfunds</u> - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

<u>Inventories of Supplies</u> - The cost of inventories of supplies for all funds, except the Electric and Water Utilities, is recorded as an expenditure at the time individual items are purchased. The cost of the Electric Utility Operating and Water Utility Funds inventory is included on these Funds balance sheets and are offset by a reserve.

<u>General Fixed Assets Account Group</u> – In accordance with N.J.A.C. accounting requirements, the Borough has developed a fixed assets accounting and reporting system based on the following:

General fixed assets are recorded at cost except for land, which is recorded at estimated historical cost. Infrastructure assets are not included in general fixed assets, as per state directive. Major renewals and betterments are charged to the asset accounts; maintenance and minor repairs and replacements, which do not improve or extend the lives of the respective assets, are expensed currently. Donated fixed assets are valued at their fair market value on the date donated. No depreciation has been provided on general fixed assets. The total value recorded for general fixed assets is offset by a "Reserve for Fixed Assets". When properties are retired or otherwise disposed of, the asset and the reserve are adjusted accordingly. Assets recorded in the General Fixed Assets Account Group may also be recorded in the Current Fund, the General Capital Fund and the Utility Funds. The values recorded in the General Fixed Assets Account Group and the Current, General Capital and Utility Funds may not always agree due to differences in valuation methods, timing of recognition of assets and the recognition of infrastructures. Fixed assets are reviewed for impairment.

Property and equipment purchased by the Water and Electric Utility Funds are recorded in their respective capital accounts at cost. The amounts shown do not purport to represent replacement costs or current value. Contributions in aid of construction are not capitalized. The balances in the Reserve for Amortization and Deferred Reserve for Amortization accounts in the utility capital funds represent charges to operations for the costs of acquisitions of property, equipment and improvements. The utilities do not record depreciation on fixed assets.

#### Note 1: <u>Summary of Significant Accounting Policies</u> (Cont'd)

F. <u>Budget/Budgetary Control</u> – Annual appropriated budgets are usually prepared in the first quarter for the Current and Water and Electric Utility Operating Funds. The budgets are submitted to the governing body and the Division of Local Government Services. Budgets are prepared using the cash basis of accounting. The legal level of budgetary control is established at the line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the flexible chart of accounts referenced in N.J.S.A. 40A. All budget amendments/transfers must be approved by the Borough during the year.

#### Note 2: Long-Term Debt

The Local Bond Law governs the issuance of bond to finance general Borough capital expenditures. All bonds are retired in serial installments within the statutory period of usefulness. All bonds issued by the Borough are general obligation bonds. The Borough's full faith and credit and taxing power has been pledged to the payment of the general obligation debt principal and interest.

#### Note 2: Long-Term Debt (Cont'd)

#### Water Utility Capital Dam Restoration and Inland Water Project Loan

The Borough entered into a loan agreement with the New Jersey Department of Environmental Protection under the Dam Restoration program. The loan, which was obtained to fund the Kakeout Dam and Dike project in the amount of \$929,000, represents the loan proceeds drawn down and bearing 2% interest, was effective July 25, 2006 with principal and interest payments commencing on April 21, 2007 and continuing on a semiannual basis through October 21, 2020. The balance of the loan at December 31, 2017 was \$221,413.86.

#### **Refunding Bonds:**

On September 1, 2010, the Borough issued \$5,510,000 refunding bonds with interest rates ranging from 3.00% to 4.00% to refund \$5,585,000 of the \$8,885,000 General Improvement Bonds dated September 1, 2002 with an interest rates ranging from 4.00% to 4.625%. The refunding bonds will mature on September 1, 2011 through September 1, 2022 and constitute an advanced refunding. The refunding met the requirements of an in-substance debt defeasance.

As a result of the advance refunding, the Borough reduced its total debt service requirement by \$327,431 which resulted in an economic gain (difference between the present value of the debt service payments on the old and new debt) of \$278,934.

#### Net Pension Liability

The Borough's share of the State of New Jersey Public Employees' Retirement System's (PERS) net pension liability was calculated to be \$12,937,675 at June 30, 2017. The Borough's share of the State of New Jersey Police Firemen's Retirement System's (PFRS) net pension liability was calculated to be \$7,676,536 at June 30, 2017. See Note 4 for further information on the PERS and PFRS.

#### General Capital New Jersey Green Acres Trust Loans

The Borough entered into a loan agreement with the New Jersey Department of Environmental Protection under the Green Acres Trust Loan program. The loan was for the development of Stoney Brook Park project in the amount of \$150,000, which represents the loan proceeds drawn down and bearing 2% interest, was effective June 25, 1999 with principal and interest payments commencing June 21, 2003 and continuing on a semiannual basis with the final payment being made on December 31, 2017.

#### Note 3: Fund Balances Appropriated

Fund balances at December 31, 2017, which were appropriated and included as anticipated revenue in their own respective funds in the adopted budget for the year ending December 31, 2018 are as follows:

Current Fund	\$ 911,000
Water Utility Operating Fund	209,650
Electric Utility Operating Fund	1,707,146

#### Note 4: Pension Plans

Borough employees participate in one of the two contributory, defined benefit public employee retirement systems: the State of New Jersey Public Employee's Retirement System (PERS) or the State of New Jersey Police and Firemen's Retirement System (PFRS); or the Defined Contribution Retirement Program (DCRP), a tax-qualified defined contribution money purchase pension plan under Internal Revenue Code (IRC) 401(a).

#### A. Public Employees' Retirement System (PERS)

#### Plan Description

The State of New Jersey, Public Employees' Retirement System (PERS) is a cost-sharing multipleemployer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about the PERS, please refer to the Division's Comprehensive Annual Financial Report (CAFR) which can be found at www.nj.gov/treasury/pensions/financial-reports.shtml.

#### **Benefits Provided**

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS. The following represents the membership tiers for PERS:

<u> </u>	Definition	
1	Members who were enrolled prior to July 1, 2007	
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008	
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010	
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011	
5	Members who were eligible to enroll on or after June 28, 2011	

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to Tiers 1 and 2 members upon reaching age 60 and to Tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to Tier 4 members upon reaching age 62 and to Tier 5 members upon reaching age 65. Early retirement benefits are available to Tiers 1 and 2 members before reaching age 60, to Tiers 3 and 4 with 25 or more years of service credit before age 62 and Tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a members retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

#### **Contributions**

The contribution policy for PERS is set by N.J.S.A. 43:15A and requires contributions by active members and contributing members. The local employers' contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009.

Note 4: <u>Pension Plans (Cont'd)</u>

#### A. Public Employees' Retirement System (PERS) (Cont'd)

#### Contributions (Cont'd)

Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets. Borough contributions to PERS amounted to \$526,170 for 2017.

The employee contribution rate was 7.20% effective July 1, 2016 and increased to 7.34% effective July 1, 2017. Subsequent increases after October 1, 2011 are being phased in over 7 years effective on each July 1<sup>st</sup> to bring the total pension contribution rate to 7.5% of base salary as of July 1, 2018.

#### Pension Liabilities and Pension Expense

At June 30, 2017, the Borough's liability was \$12,937,675 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2016 which was rolled forward to June 30, 2017. The Borough's proportion of the net pension liability was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2017, the Borough's proportion was 0.056%, which was a decrease of 0.003% from its proportion measured as of June 30, 2016.

For the year ended December 31, 2017, the Borough recognized actual pension expense in the amount of \$526,170.

#### Actuarial Assumptions

The total pension liability for the June 30, 2017 measurement date was determined by an actuarial valuation as of July 1, 2016 which was rolled forward to June 30, 2017. This actuarial valuation used the following actuarial assumptions:

Inflation Rate	2.25%
Salary Increases:	
Through 2026	1.65 - 4.15% based on age
Thereafter	2.65 - 5.15% based on age
Investment Rate of Return	7.00%

Pre-retirement mortality rates were based on the RP-2000 Employee Pre-retirement Mortality Table for male and female active participants. For local employees, mortality tables are set back 2 years for males and 7 years for females.

Note 4: <u>Pension Plans</u> (Cont'd)

#### A. Public Employees' Retirement System (PERS) (Cont'd)

#### Actuarial Assumptions (Cont'd)

In addition, the tables provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Post-retirement mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (set back 1 year for males and females) for service retirements and beneficiaries of former members and a one year static projection based on mortality improvement Scale AA. In addition, the tables for service retirements and beneficiaries of former members provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Disability retirement rates used to value disabled retirees were based on the RP-2000 Disabled Mortality Table (set back 3 years for males and set forward one year for females).

The actuarial assumptions used in the July 1, 2016 valuation were based on the results of an actuarial experience study for the period July 1, 2011 to June 30, 2014. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements.

#### Long Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on pension plan investments (7.00% at June 30, 2017) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the Board of Trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS' target asset allocation as of June 30, 2017 are summarized in the table on the following page:

#### Note 4: <u>Pension Plans (Cont'd)</u>

### A. Public Employees' Retirement System (PERS) (Cont'd)

# Long Term Expected Rate of Return (Cont'd)

		Long-Term
	Target	Expected Real
Asset Class	Allocation	Rate of Return
Absolute Return/Risk Mitigation	5.00%	5.51%
Cash Equivalents	5.50%	1.00%
U.S. Treasuries	3.00%	1.87%
Investment Grade Credit	10.00%	3.78%
Public High Yield	2.50%	6.82%
Global Diversified Credit	5.00%	7.10%
Credit Oriented Hedge Funds	1.00%	6.60%
Debt Related Private Equity	2.00%	10.63%
Debt Related Real Estate	1.00%	6.61%
Private Real Asset	2.50%	11.83%
Equity Related Real Estate	6.25%	9.23%
U.S. Equity	30.00%	8.19%
Non-U.S. Developed Market Equit	11.50%	9.00%
Emerging Markets Equity	6.50%	11.64%
Buyouts/Venture Capital	8.25%	13.08%

#### Discount Rate

The discount rate used to measure the total pension liability was 5.00% as of June 30, 2017. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00% and a municipal bond rate of 3.58% as of June 30, 2017 based on the Bond Buyer Go 20 Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based upon the contribution rate in the most recent fiscal year. The local employers contributed 100% of their actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2040. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2040, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

#### Note 4: Pension Plans (Cont'd)

#### A. Public Employees' Retirement System (PERS) (Cont'd)

# Sensitivity of the Borough's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the Borough's proportionate share of the collective net pension liability as of June 30, 2017 calculated using the discount rate as disclosed below, as well as what the Borough's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

June 30, 2017					
		1%		Current	1%
		Decrease (4.00%)	D	iscount Rate (5.00%)	Increase (6.00%)
Borough's proportionate share of the Net Pension Liability	\$	16,050,064	\$	12,937,675	\$ 10,344,669

#### Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial statements.

#### B. Police and Firemen's Retirement System (PFRS)

#### Plan Description

The State of New Jersey, State of New Jersey Police and Firemen's Retirement System (PFRS), is a costsharing multiple-employer defined benefit pension plan administered by the State of New Jersey Division of Pensions and Benefits (the Division). For additional information about the PFRS, please refer to the Division's Comprehensive Annual Financial Report (CAFR) which can be found at www.nj.gov/treasury/pensions/financial-reports.shtml.

#### Benefits Provided

The vesting and benefit provisions are set by N.J.S.A. 43:16A. The PFRS provides retirement as well as death and disability benefits. All benefits vest after ten years of service, except disability benefits which vest after 4 years of service.

The following represents the membership tiers for PFRS:

Tier	Definition			
1	Members who were enrolled prior to May 22, 2010			
2	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011			
3	Members who were eligible to enroll on or after June 28, 2011			

Note 4: Pension Plans (Cont'd)

#### B. Police and Firemen's Retirement System (PFRS) (Cont'd)

#### Benefits Provided (Cont'd)

Service retirement benefits are available at age 55 and are generally determined to be 2% of final compensation for each year of creditable service, as defined, up to 30 years plus 1% for each year of service in excess of 30 years. Members may seek special retirement after achieving 25 years of creditable service, in which benefits would equal 65% (tiers 1 and 2 members) and 60% (tier 3 members) of final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years. Members may elect deferred retirement benefits after achieving ten years of service, in which case benefits would begin at age 55 equal to 2% of final compensation for each year of service.

#### **Contributions**

The contribution policy for PFRS is set by N.J.S.A. 43:16A and requires contributions by active members and contributing members. The Local employers' contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PFRS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual amounts over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of the assets.

#### **Special Funding Situation**

Under N.J.S.A. 43:16A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State if certain circumstances occurred. The legislation which legally obligates the State is as follows: Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The amounts contributed on behalf of the local participating employers under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the plan (except for employer specified financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers related to this legislation. However, the notes to the financial statements of the local participating employers must disclose the portion of the nonemployer contributing entities' total proportionate share of the collective net pension liability that is associated with the local participating employer. The June 30, 2017 State special funding situation net pension liability amount is the accumulated difference between the annual actuarially determined State obligation under the special funding situation and the actual State contribution through the valuation date. The State special funding situation pension expense for the fiscal year ended June 30, 2017 is the actuarially determined contribution amount that the State owes for the fiscal year ending June 30, 2017. The pension expense is deemed to be a State administrative expense due to the special funding situation.

#### Note 4: <u>Pension Plans</u> (Cont'd)

### B. Police and Firemen's Retirement System (PFRS) (Cont'd)

#### Special Funding Situation (Cont'd)

Borough contributions to PFRS amounted to \$422,372 for the year ended December 31, 2017. During the fiscal year ended June 30, 2017, the State of New Jersey contributed \$42,995 to the PFRS for normal pension benefits on behalf of the Borough, which is less than the contractually required contribution of \$105,177.

The employee contributions for PFRS are 10.00% of employees' annual compensation, as defined.

#### Pension Liabilities and Pension Expense

At June 30, 2017, the Borough's liability for its proportionate share of the net pension liability was \$7,676,536. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2016 which was rolled forward to June 30, 2017. The Borough's proportion of the net pension liability was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2017, the Borough's proportion was 0.050%, which was a decrease of 0.002% from its proportion measured as of June 30, 2016.

Additionally, the State's proportionate share of the net pension liability attributable to the Borough is \$859,837 as of June 30, 2017. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2016 which was rolled forward to June 30, 2017. The State's proportionate share of the net pension liability associated with the Borough was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2017, the State's proportion was 0.050%, which was a decrease of 0.002% from its proportion measured as of June 30, 2016 which is the same proportion as the Borough's.

Borough's Proportionate Share of the Net Pension Liability	\$ 7,676,536
State's Proportionate Share of the Net Pension Liability Associated	
with the Borough	 859,837
Total Net Pension Liability	\$ 8,536,373

For the year ended December 31, 2017, the Borough recognized total pension expense of \$422,372.

#### Actuarial Assumptions

The total pension liability for the June 30, 2017 measurement date was determined by an actuarial valuation as of July 1, 2016 which was rolled forward to June 30, 2017. This actuarial valuation used the following actuarial assumptions are on the following page:

Note 4: <u>Pension Plans (Cont'd)</u>

B. Police and Firemen's Retirement System (PFRS) (Cont'd)

Actuarial Assumptions (Cont'd)

Inflation Rate	2.25%
Salary Increases:	
Through 2026	2.10% - 8.98% based on age
Thereafter	3.10% - 9.98% based on age
Investment Rate of Return	7.00%

Pre-retirement mortality rates were based on the RP-2000 Pre-retirement mortality tables projected thirteen years using Projection Scale BB and then projected on a generational basis using the plan actuary's modified 2014 projection scales. Post-retirement mortality rates for male service retirements and beneficiaries are based on the RP-2000 Combined Healthy Mortality Tables projected one year using Projection Scale AA and three years using the plan actuary's modified 2014 projection scales and further projected on a generational basis using the plan actuary's modified 2014 projection scales. Post-retirements mortality rates for female service retirements and beneficiaries were based on the RP-2000 Combined Healthy Mortality Tables projected thirteen years using Projection Scale BB and then three years using the plan actuary's modified 2014 projection scales. Post-retirement mortality Tables projected thirteen years using Projection Scale BB and then three years using the plan actuary's modified 2014 projection scales. Disability retirement rates were based on the special mortality tables used for the period after disability retirement.

The actuarial assumptions used in the July 1, 2016 valuation were based on the results of an actuarial experience study for the period July 1, 2010 to June 30, 2013.

#### Long Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on pension plan investments (7.00% at June 30, 2017) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the Board of Trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PFRS' target asset allocation as of June 30, 2017 are summarized in the table on the following page:

#### Note 4: Pension Plans (Cont'd)

#### B. Police and Firemen's Retirement System (PFRS) (Cont'd)

#### Long Term Expected Rate of Return (Cont'd)

		Long-Term
	Target	Expected Real
Asset Class	Allocation	Rate of Return
Absolute Return/Risk Mitigation	5.00%	5.51%
Cash Equivalents	5.50%	1.00%
U.S. Treasuries	3.00%	1.87%
Investment Grade Credit	10.00%	3.78%
Public High Yield	2.50%	6.82%
Global Diversified Credit	5.00%	7.10%
Credit Oriented Hedge Funds	1.00%	6.60%
Debt Related Private Equity	2.00%	10.63%
Debt Related Real Estate	1.00%	6.61%
Private Real Asset	2.50%	11.83%
Equity Related Real Estate	6.25%	9.23%
U.S. Equity	30.00%	8.19%
Non-U.S. Developed Market Equity	11.50%	9.00%
Emerging Markets Equity	6.50%	11.64%
Buyouts/Venture Capital	8.25%	13.08%

#### **Discount Rate - PFRS**

The discount rate used to measure the total pension liability was 6.14% as of June 30, 2017. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00% and a municipal bond rate of 3.58% as of June 30, 2017 based on the Bond Buyer Go 20 Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be made based on the contributions. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2057. Therefore, the long-term expected rate of return on pension plan investments was applied to projected benefit payments after that date in determining the total pension liability.

Note 4: <u>Pension Plans</u> (Cont'd)

#### B. Police and Firemen's Retirement System (PFRS) (Cont'd)

<u>Sensitivity of the Total Net Pension Liability (including the State's proportionate share of the net pension liability attributable to the Borough) to Changes in the Discount Rate</u>

The following presents the total net pension liability (including the State's proportionate share of the net pension liability attributable to the Borough) as of June 30, 2017 calculated using the discount rate as disclosed above, as well as what the collective net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

June 30, 2017						
		1%	Current Discount Rate (6.14%)			1%
		Decrease			Increase (7.14%)	
		(5.14%)				
Borough's proportionate share of the NPL and the State's proportionate share of the Net Pension Liability associated with the Borough	\$	11,247,374	\$	8,536,373	\$	6,308,977

#### Pension Plan Fiduciary Net Position - PFRS

Detailed information about the PFRS's fiduciary net position is available in the separately issued PFRS financial statements.

#### C. Defined Contribution Retirement Program (DCRP)

Prudential Financial jointly administers the DCRP investments with the NJ Division of Pensions and Benefits. If an employee is ineligible to enroll in the PERS or PFRS, the employee may be eligible to enroll in the DCRP. DCRP provides eligible members with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting is immediate upon enrollment for members of the DCRP.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the DCRP. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625-0295.

Employers are required to contribute at an actuarially determined rate. Employee contributions are based on percentages of 5.50% for DCRP of employees' annual compensation, as defined. The DCRP was established July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 and expanded under the provisions of Chapter 89, P.L. 2008. Employee contributions for DCRP are matched by a 3% employer contribution.

For DCRP, the Borough recognized pension expense of \$873 for the year ended December 31, 2017. Employee contributions to DCRP amounted to \$5,731 for the year ended December 31, 2017.

#### Note 5: Local School District Taxes

Regulations provide for the deferral of not more than 50% of the annual levy when school taxes are raised for a school year and have not been requisitioned by the school district.

The Borough of Butler has elected not to defer school taxes.

### Note 6: Accrued Sick and Vacation Benefits

The Borough permits employees to accrue a limited amount of unused vacation and sick pay, which may be taken as time off or paid at a later date at an agreed-upon rate. It is estimated that the current cost of such unpaid compensation would approximate \$356,728 at December 31, 2017. This amount is not reported either as expenditure or a liability. It is expected that the cost of such unpaid compensation would be included in the Borough's budget operating expenditures in the year in which it is used.

#### Note 7: Selected Tax Information

Property taxes are levied as of January 1 on property values assessed as of the previous calendar year. The tax levy is divided into two billings. The first billing is an estimate of the current year's levy based on the prior year's taxes. The second billing reflects adjustments to the current year's actual levy. The final tax bill is usually mailed on or before June 14th, along with the first half estimated tax bills for the subsequent year. The first half estimated taxes are divided into two due dates, February 1 and May 1. The final tax bills are also divided into two due dates, August 1 and November 1.

A ten-day grace period is usually granted before the taxes are considered delinquent and the imposition of interest charges. A penalty may be assessed for any unpaid taxes in excess of \$10,000 at December 31 of the current year. Unpaid taxes of the prior year may be placed in lien at a tax sale held after April 1 and through December 31. Unpaid Taxes of the current year may be placed in lien at a tax sale held after December 10.

#### Comparative Schedule of Tax Rate Information

		2017		2016	2015
Tax Rate	\$	3.515	\$	3.424	\$ 3.369
Apportionment of Tax Rate					
Municipal		0.967		0.944	0.934
County		0.325		0.326	0.341
Local School		2.223		2.154	2.094
Assessed Valuations					
2017	_\$	758,649,650			
2016			\$	758,162,450	
2015			<b>1</b>		 751,986,550

#### Note 7: <u>Comparison of Tax Levies and Collection Currently</u> (Cont'd)

A study of this tabulation could indicate a possible trend in future tax levies. A decrease in the percentage of current collection could be an indication of a probable increase in future tax levies.

		Currently		
			Cash	Percentage of
Year	 Tax Levy	(	Collections	Collections
2017	\$ 26,773,762	\$	26,438,861	98.74%
2016	25,991,487		25,706,893	98.90%
2015	25,503,376		25,175,521	98.71%

Also, increases in future tax levies can also be warranted if revenue sources outside of those directly generated by the municipality, such as federal or state aid, should decline without corresponding decreases in budgeted expenditures.

## Note 8: <u>Cash and Cash Equivalents</u>

Cash and cash equivalents include petty cash, change funds, amounts in deposits, money market accounts, and short-term investments with original maturities of three months or less.

Investments are stated at cost. The Borough classifies certificates of deposit which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments.

GASB requires disclosure of the level of custodial credit risk assumed by the Borough in its cash, cash equivalents and investments, if those items are uninsured or unregistered. Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned.

Interest Rate Risk – In accordance with its cash management plan, the Borough ensures that any deposit or investment matures within the time period that approximates the prospective need for the funds, deposited or invested, so that there is not a risk to the market value of such deposits or investments.

Credit Risk – The Borough limits its investments to those authorized in its cash management plan which are those permitted under state statute as detailed on the following two pages.

Custodial Credit Risk – The Borough's policy with respect to custodial credit risk requires that the Borough ensures that Borough funds are only deposited in financial institutions in which NJ municipalities are permitted to invest their funds

#### Note 8: Cash and Cash Equivalents (Cont'd)

#### **Deposits**:

New Jersey statutes require that municipalities deposit public funds in public depositories located in New Jersey which are insured by the Federal Deposit Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. Municipalities are also permitted to deposit public funds in the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of collected public funds that exceed insurance limits as follows:

The market value of the collateral must equal 5% of the average daily balance of public funds on deposit, and

In addition to the above collateral requirement, if public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

#### Investments

New Jersey statutes permit the Borough to purchase the following types of securities:

- (1) Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
- (2) Government money market mutual funds;
- (3) Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor;
- (4) Bonds or other obligations of the local unit or bonds or other obligations of school districts of which the local unit is a part or within which the school district is located;
- (5) Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, issued by New Jersey school districts, municipalities, counties, and entities subject to the "Local Authorities Fiscal Control Law" P.L. 1983, c. 313 (C.40A:5A-1 et seq.). Other bonds or obligations having a maturity date not more than 397 days from the date of purchase may be approved by the Division of Local Government Services in the Department of Community Affairs for investment by local units;
- (6) Local government investment pools;

#### Note 8: <u>Cash and Cash Equivalents</u> (Cont'd)

#### Investments: (Cont'd)

- (7) Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c.281 (C.52:18A-90.4); or
- (8) Agreements for the repurchase of fully collateralized securities if:
  - (a) the underlying securities are permitted investments pursuant to paragraphs (1) and (3) of this subsection a. or are bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, issued by New Jersey school districts, municipalities, counties and entities subject to the "Local Authorities Fiscal Control Law", P.L.1983 c.313 (C.40A:5A-1 et seq.);
  - (b) the custody of collateral is transferred to a third party;
  - (c) the maturity of the agreement is not more than 30 days;
  - (d) the underlying securities are purchased through a public depository as defined in section 1 of P.L. 1970, c.236 (C.17:9-41); and
  - (e) a master repurchase agreement providing for the custody and security of collateral is executed.

As of December 31, 2017, cash and cash equivalents of the Borough of Butler consisted of the following:

	Cash on			Checking		IJ Cash	T ( 1		
<u>Fund</u>	F	land	Acounts		Ma	nagement	Total		
Current Fund	\$	575	\$	4,475,845	\$	24,382	\$	4,500,802	
Animal Control Trust Fund		50		4,042				4,092	
Other Trust Fund				957,997		11,623		969,620	
General Capital Fund				1,148,806		1,500		1,150,306	
Water Utility Operating Fund				502,999		14,783		517,782	
Water Utility Capital Fund				374,159		2,759		376,918	
Electric Utility Operating Fund		50		2,959,061		23,028		2,982,139	
Electric Utility Capital Fund				1,026,916		4,812		1,031,728	
Public Assistance Fund				7,810				7,810	
	\$	675	_\$	11,457,635	_\$	82,887	\$	11,541,197	

During the period ended December 31, 2017, the Borough did not hold any investments. The carrying amount of the Borough's cash and cash equivalents at December 31, 2017, was \$11,541,197 and the bank balance was \$11,714,366. The \$82,887 invested with the State of New Jersey Cash Management Fund is uninsured and unregistered.

#### Note 9: Risk Management (Cont'd)

The Borough is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Health benefits are provided to employees through the State of New Jersey health benefits plan.

The Borough of Butler is a member of the Morris County Municipal Joint Insurance Fund. This fund is both an insured and self-administered group of municipalities established for the purpose of providing low-cost insurance coverage for their members in order to keep local property taxes at a minimum.

The following coverages are offered by the fund to its members:

- a.) Workers' Compensation and Employers' Liability
- b.) Liability Other Than Motor Vehicles
- c.) Property Damage Other Than Motor Vehicles
- d.) Motor Vehicle
- e.) Public Officials' Liability/Employment Practices Coverage
- f.) Environmental Coverage

As a member of the Fund, the Borough could be subject to supplemental assessments in the event of deficiencies. If the assets of the Fund were to be exhausted, members would become responsible for their respective shares of the Fund's liabilities.

The fund can declare and distribute dividends to members upon approval of the State of New Jersey Department of Banking and Insurance. These distributions are divided amongst the members in the same ratio as their individual assessment relates to the total assessment of the membership body. The members may either receive payment or offset their subsequent year assessments with their respective share of the distribution.

The December 31, 2017 audit report of the Morris County Municipal Joint Insurance Fund is not filed as of the date of this audit. Selected financial information for the Fund as of December 31, 2016 is as follows:

Total Assets	 27,753,863
Net Position	\$ 12,178,035
Total Revenue	\$ 19,261,910
Total Expenses	\$ 15,715,706
Change in Net Position	\$ 3,546,204
Members Dividends	\$ -0-

Financial statements for the fund are available at the Office of the Executive Director:

Morris County Municipal Joint Insurance Fund PERMA Risk Management Services 9 Campus Drive, Suite 216 Parsippany, New Jersey 07054 (201) 881-7632

### Note 9: <u>Risk Management</u> (Cont'd)

## New Jersey Unemployment Compensation Insurance

The Borough has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Borough is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Borough is billed quarterly for amounts due to the State.

The following is a summary of Borough and employee contributions, interest earned and reimbursements to the State for benefits paid and the ending balance of the Borough's expendable trust fund for the current and previous two years:

	Bo	orough/							
	En	nployee	Int	erest	А	mount	I	Ending	
Year	Con	tributions	Earned		Reimbursed		Earned Reimbursed B		alance
2015	\$	7,627	\$	19	\$	10,921	\$	18,087	
2016		8,592		33		8,349		18,363	
2017		9,918		108		1,344		27,045	

#### Note 10: Post-Retirement Medical Benefits

In addition to the pension benefits described in Note 4, the Borough provides other post-retirement benefits to certain Borough employees after retirement, substantially similar in nature to the health benefits provided to employees presently working.

The Borough contributes to the State Health Benefits Program (SHBP), a cost-sharing, multiple-employer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq. to provide health benefits to State employees, retirees, and their dependents.

The SHBP was extended to employees, retirees, and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP.

The Borough provides post-retirement benefits, as follows, to Borough employees, other than the Police, who meet the following criteria:

Upon retirement, full time employees with twenty-five (25) years in the State Pension Plan at age fifty-five (55) will receive full benefits, (i.e., Health Care, Major Medical, and Prescription plans) which will cover the retiring employee, their spouse and/or dependents.

The Police bargaining unit has negotiated the following benefits:

### Police

Upon retirement, full time employees with twenty-five (25) years in the State Pension Plan will receive full benefits, (i.e., Health Care, Major Medical, prescription, dental, life insurance, vision and disability insurance plans) which will cover the retiring employee, their spouse and/or dependents.

### Note 10: Post-Retirement Medical Benefits (Cont'd)

Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents.

The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to:

State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295

Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. Post-retirement medical benefits under the plan have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis.

Contributions to pay for the health premiums of participating retirees in the SHBP are billed to the Borough on a monthly basis.

The Borough's portion of post-retirement benefits is funded on a pay-as-you-go basis from the Current Fund operating budget. During 2017, the Borough had 53 employees who met eligibility requirements and recognized expenses of approximately \$966,352. In 2016, the Borough had 50 employees who met eligibility requirements and recognized expenses of approximately \$915,385.

#### Note 11: Deferred Compensation Plan

The Borough of Butler offers its employees a deferred compensation plan (the "Plan") created in accordance with Section 457 of the Internal Revenue Code. The Plan, which is administered by AXA Equitable, is available to all Borough employees and permits participants to defer a portion of their salary. The deferred compensation is not available to employees until termination, retirement, unforeseeable emergency, or upon death to their beneficiaries.

#### Note 12: Interfund Receivables and Payables

The following interfund balances remain on the balance sheets at December 31, 2017:

Fund		nterfund eceivable		nterfund Payable
Current Fund			\$	612,665
Federal and State Grand Fund	\$	149,151		
Other Trust Funds		463,514		
Assessment Trust Fund				486,178
General Capital Fund	Part of the second states of t	486,178	<u> </u>	
	\$	1,098,843	\$	1,098,843

## Note 12: Interfund Receivables and Payables (Cont'd)

The Borough utilizes the Current Fund as a clearing account for receipts and disbursements of the other funds. The Chief Financial Officer monitors all interfunds for these accounts and liquidates them on a monthly basis. The balances remaining at December 31, 2017, represent activity not liquidated by year end which will be subsequently liquidated in 2018.

#### Note 13: Commitments and Contingencies

The Borough is periodically involved in various lawsuits arising in the normal course of the Borough's operations including claims for property damage, personal injury and various contract disputes. The Borough vigorously contest these lawsuits and believes the ultimate resolution will not have a material adverse effect on the Borough's financial position and operations as of December 31, 2017.

Amounts received or receivable from grantors, principally the federal and state governments are subject to regulatory requirements and adjustments by the agencies. Any disallowed claims, including amounts previously recognized by the Borough as revenue would constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantors cannot be determined at this time, although Borough officials expect such amounts, if any, to be immaterial.

## Note 14: Economic Dependency

The Borough receives a substantial amount of its support from federal and state governments. A significant reduction in the level of support, if this were to occur, may have an effect on the Borough's programs and activities.

## Note 15: Fixed Assets

The following is a summarization of the activity of the Borough of Butler's fixed assets for the year ended December 31, 2017:

	Balance Dec. 31, 2016 (Restated)	Additions	Deletions	Balance Dec. 31, 2017
Land Building and Building Improvements Furniture, Equipment and Vehicles	\$ 5,131,037 32,549,967 7,500,408	\$ 100,606 	\$ (692,521)	\$ 5,131,037 32,650,573 7,190,483
	\$ 45,181,412	\$ 483,202	\$ (692,521)	\$ 44,972,093

## Note 16: Tax Abatements

Governmental Accounting Standards Board requires disclosure of tax abatement information about (1) a reporting government's own tax abatement agreements and (2) those that are entered into by other governments and that reduce the reporting government's tax revenues.

As of December 31, 2017, the Borough provides a tax abatement to a nonprofit housing corporation for its senior citizen housing development in the Borough pursuant to the authority contained in Section 5 of the Senior Citizens Nonprofit Rental Housing Tax Law (N.J.S.A. 55:14I-5) (the "Law") and a resolution of the governing body dated December 18, 1990 and an agreement dated December 18, 1990. In consideration of the full abatement of taxes, the nonprofit housing corporation is required to pay to the Borough an annual service charge. The annual service charge made by the nonprofit corporation will be equal to 15% of the annual gross rents derived from such housing project as detailed in the tax abatement agreement. The tax abatement provided under the agreement shall be terminated when the nonprofit corporation or it successors and the development cease to remain subject to the provisions of the Law or a period of not more than 50 years from the effective date of the tax exemption, whichever event occurs first.

The Borough recognized revenue in the amount of \$70,043.63 from this annual service charge or payment in lieu of taxes which is recorded as a miscellaneous revenue anticipated in the Current Fund. The taxes which would have been paid on this property for 2017 without the abatement would have been \$206,889.39 of which \$55,916.65 would have been for the local municipal tax and minimum library tax.

### Note 17: Prior Period Adjustment

The prior period balance for the general fixed assets account group was restated as a result of a recent appraisal to reflect land and buildings at their 2016 assessed and replacement values, respectively.

	Balance Dec. 31, 2016	Retroactive Adjustments	Balance Dec. 31, 2016 (Restated)
Land Building and Building Improvements Furniture, Equipment and Vehicles	\$ 2,814,937 2,818,103 7,500,408	\$ 2,316,100 29,731,864	\$ 5,131,037 32,549,967 7,500,408
	\$ 13,133,448	\$ 32,047,964	\$ 45,181,412

### BOROUGH OF BUTLER NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AND STATE AWARDS YEAR ENDED DECEMBER 31, 2017

### Note 1. BASIS OF PRESENTATION

The accompanying schedules of expenditures of federal and state awards (the "Schedules") include the federal and state grant activity of the Borough of Butler under programs of the federal and state governments for the year ended December 31, 2017. The information in these schedules is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance") and New Jersey's OMB Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid.* Because the schedules present only a selected portion of the operations of the Borough, they are not intended to and do not present the financial position, changes in fund balance or cash flows of the Borough.

#### Note 2. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>

Expenditures reported on the accompanying schedules of expenditures of federal and state awards are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts, if any, shown on the Schedules represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Pass-through identifying numbers are presented where available. The Borough has elected not to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

### Note 3. <u>RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS</u>

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

### Note 4. <u>STATE LOANS OUTSTANDING</u>

The Borough of Butler has the following loan outstanding as of December 31, 2017:

Dam Restoration and Inland WaterProject Loan Payable\$ 221,414

Currently the Borough is in the process of repaying the loan balances. There were no loan receipts or expenditures in the current year. The project which relates to the loan is complete.

## Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

### Independent Auditors' Report

The Honorable Mayor and Members of the Borough Council Borough of Butler Butler, New Jersey

We have audited in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements - *regulatory basis* - of the various funds of the Borough of Butler, in the County of Morris (the "Borough") as of and for the years ended December 31, 2017 and 2016, and the related notes to the financial statements and have issued our report thereon dated June 1, 2018. These financial statements have been prepared in accordance with accounting practices prescribed or permitted by the Division to demonstrate compliance with the Division's regulatory basis of accounting, and the budget laws of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Borough's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Borough's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

4

The Honorable Mayor and Members of the Borough Council Borough of Butler Page 2

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Borough's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the Borough's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Mount Arlington, NJ June 1, 2018

NISIVOCCIA LLP

Valerie A. Dolan Certified Public Accountant Registered Municipal Accountant No. 548

### BOROUGH OF BUTLER SCHEDULE OF FINDINGS AND RESPONSES YEAR ENDED DECEMBER 31, 2017

#### Summary of Auditors' Results:

- The Independent Auditors' Report expresses an unmodified opinion on the financial statements of the Borough prepared in accordance with accounting practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey to demonstrate compliance with the Division's regulatory basis of accounting and the budget laws of New Jersey.
- There were no material weaknesses or significant deficiencies disclosed during the audit of the financial statements as reported in the *Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards.*
- No instances of noncompliance material to the financial statements of the Borough which would be required to be reported in accordance with *Government Auditing Standards*, were disclosed during the audit.
- The Borough was not subject to the single audit provisions of the Uniform Guidance and New Jersey's OMB Circular 15-08 for the year ended December 31, 2017 as both state and federal grant expenditures were less than the single audit thresholds of \$750,000 identified in the Uniform Guidance and New Jersey's OMB Circular 15-08.

Findings Relating to the Financial Statements which are required to be Reported in Accordance with Generally Accepted Government Auditing Standards:

- The audit did not disclose any findings required to be reported under Generally Accepted Government Auditing Standards.

Findings and Questioned Costs for Federal Awards:

- Not applicable since federal expenditures were below the single audit threshold.

Findings and Questioned Costs for State Awards:

- Not applicable since state expenditures were below the single audit threshold.

# BOROUGH OF BUTLER SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE YEAR ENDED DECEMBER 31, 2017

There were no prior year findings.

# BOROUGH OF BUTLER

# <u>PART III</u>

# COMMENTS AND RECOMMENDATIONS

YEAR ENDED DECEMBER 31, 2017

### BOROUGH OF BUTLER COMMENTS AND RECOMMENDATIONS

### Contracts and Agreements Required to be Advertised for N.J.S.A. 40A:11-4

N.J.S. 40A:11-3 states:

a. "When the cost or price of any contract awarded by the contracting agent in the aggregate does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by ordinance or resolution, as appropriate to the contracting unit, of the governing body of the contracting unit without public advertising for bids, except that the governing body of any contracting unit may adopt an ordinance or resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b. of section 9 of P.L. 1971, c.198 (C.40A:11-9), the governing body of the contracting unit may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.

b. Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to subparagraph (i) of paragraph (a) of subsection (1) of section 5 of P.L. 1971, c.198 (C.40A: 11-5) may be awarded for a period not exceeding 12 consecutive months. The Division of Local Government Services shall adopt and promulgate rules and regulations concerning the methods of accounting for all contracts that do not coincide with the contracting unit's fiscal year.

c. The Governor, in consultation with the Department of the Treasury, shall, no later than March 1 of every fifth year beginning in the fifth year after the year in which P.L.1999, c.440 takes effect, adjust the threshold amount and the higher threshold amount which the governing body is permitted to establish, as set forth in subsection a. of this section, or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in section 2 of P.L.1971, c.198 (C.40A11-2), and shall round the adjustment to the nearest \$1,000. The Governor shall, no later than June 1 of every fifth year, notify each governing body of the adjustment. The adjustment shall become effective on July 1 of the year in which it is made."

N.J.S. 40A: 11-4 states: "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. The governing body of a contracting unit may, by resolution approved by a majority of the governing body and subject to subsections b. and c. of this section, disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the governing body finds that it has had prior negative experience with the bidder."

Effective July 1, 2015 and thereafter the bid threshold in accordance with N.J.S.A. 40A:11-3 and 40A:11-3 (as amended) are \$17,500 for a contracting unit without a qualified purchasing agent and \$40,000 for a contracting unit with a qualified purchasing agent (QPA).

The governing body of the Borough of Butler has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the year and where question arises as to whether any contract or agreement might result in violation of the statute, the Borough Attorney's opinion should be sought before a commitment is made.

### BOROUGH OF BUTLER COMMENTS AND RECOMMENDATIONS (Continued)

### Contracts and Agreements Required to be Advertised for N.J.S.A. 40A:11-4 (Cont'd)

The minutes indicated that bids were requested by public advertising per N.J.S. 40A:11-4. The minutes also indicated that resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" in accordance with N.J.S. 40A:11-5.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed. None were noted.

#### Collection of Interest on Delinquent Taxes, Utility Charges and Assessments

The statute provides the method for authorizing interest and the maximum rate to be charged for the nonpayment of taxes, utility charges or assessments on or before the date when they would become delinquent.

On January 3, 2017, the governing body adopted the following resolution authorizing interest to be charged on delinquent tax, assessment and utility charges:

BE IT RESOLVED by the Borough Council of the Borough of Butler, Morris County, New Jersey, that, in accordance with R.S. 54:4-67 as amended, the rate of interest to be charged for the nonpayment of taxes, utilities or assessments on or before the date when they would become delinquent be and the same is hereby fixed as follows:

- 1. No interest shall be charged if payment of tax, utility or assessment installment, as the case may be, is made within ten (10) days after the date upon which the same became payable.
- 2. The rate of interest to be charged for the nonpayment of taxes, utilities or assessment installments on or before the date when they become delinquent shall be eight percent (8%) per annum on the first \$1,500 of the delinquency and eighteen percent (18%) on any delinquency over \$1,500, to be calculated from the date the tax was payable until the date of actual payment. The interest to be charged a delinquent taxpayer for nonpayment of real property taxes shall be an additional penalty of 6% if the amount of delinquency is in excess of \$10,000 at the end of the calendar year.

It appears from an examination of the Collector's records that interest was generally collected in accordance with the foregoing resolution.

## BOROUGH OF BUTLER COMMENTS AND RECOMMENDATIONS (Continued)

**Delinquent Taxes and Tax Title Liens** 

The last tax sale was held on December 8, 2017.

The following comparison is made of the number of tax title liens receivable on December 31, of the last three years:

Year	Tax Title Liens
2017	8
2016	4
2015	4

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens in order to get such properties back on a taxpaying basis.

### Verification of Delinquent Taxes and Other Charges

A test verification of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services, consisting of verification notices as follows:

Туре	Number Mailed
Payment of 2017 Taxes	20
Payment of 2018 Taxes	20
Delinquent Taxes	15
Tax Title Liens	3
Payment of Water/Sewer Utility Charges	20
Delinquent Sewer Utility Charges	15
Delinquent Water Utility Charges	15
Payment of Electric Utility Charges	20
Delinquent Electric Utility Charges	15

For items not returned, alternative procedures were performed, as appropriate.

Accounting Requirements under New Jersey Administrative Code

The Division of Local Government Services has established three (3) accounting requirements which are prescribed in the New Jersey Administrative Code. They are as follows:

- 1. Maintenance of an encumbrance accounting system.
- 2. Fixed asset accounting and reporting system.
- 3. General ledger accounting system.

The Borough complies with these accounting requirements.

### BOROUGH OF BUTLER COMMENTS AND RECOMMENDATIONS (Continued)

### Municipal Court

The report of the Municipal Court has been forwarded to the Division of Local Government Services and the Borough's Magistrate under separate cover. Reflected below is a summary of receipts and disbursements for the year ended December 31, 2017.

		Balance c. 31, 2016	Receipts	Disbursements		Balance Dec. 31, 2017

#### RECEIPTS AND DISBURSEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

Inherent internal control problems exist throughout the State for the municipal court system. Throughout the State there is the possibility that court employees can recall warrants, postpone court cases, set bail and lift suspensions of licenses. However, our review of the records of the Municipal Court revealed no internal control deficiencies.

#### **Outside Offices**

During our review of the outside offices, we noted the Police Department's receipts were not always being turned over to the Treasurer within forty-eight hours of receipt. It is recommended that the Police Department turn over receipts in a timely manner to ensure deposit within forty-hours.

#### Management's Response

Administration will ensure that receipts from the Police Department are turned over in a timely manner.

#### Management Suggestion

The next Governmental Accounting Standards Board ("GASB") statement which will have a significant impact on the Borough will be GASB No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions*, will be effective for the calendar year ending December 31, 2018. This standard replaces GASB No. 45, *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions*. It is similar to GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* in that successful implementation of this standard will require the provision of certain key financial and non-financial information from the State of New Jersey.

# BOROUGH OF BUTLER COMMENTS AND RECOMMENDATIONS

Corrective Action Plan

The Borough had no prior year audit recommendations.

# BOROUGH OF BUTLER SUMMARY OF RECOMMENDATIONS

It is recommended that:

1. The Police Department turn over receipts in a timely manner to ensure deposit within forty-eight hours.
